Dear Parents:

This is a picture of all the school supplies that filled our gym this week. Certainly not what anyone expected our return from spring break to look like. In the event that we return before the end of this school year, teachers will let you know which items to send back with your children. I know it's been challenging to work from home AND manage your children's remote learning plans. Thank you for your patience as we navigate this together. Our school motto of "home and school working together for student success" is all the more relevant

and important at this time. I enjoyed seeing and connecting with many of you this week as you were picking up your child's school supplies. If you need support for anything please contact me.

If you still need to return library books or other classroom materials you are welcome to put them in our school mail slot just outside the main doors at your convenience.

Below are some important messages from the school district:

[Family & Community Support Webpage](#)

District and school staff are continuing to provide support for our families during this challenging time. The District website has a new Family & Community

Support page to help parents/guardians cope with the impacts of COVID-19. This page includes links to resources including a comprehensive guide developed by the Langley Children Committee, containing health, housing, and financial support information. On this page you will also find a new weekly blog launched by Gail Markin, who is our District Teacher for Social Emotional Learning. She will be covering a new health and wellness topic every time. Thank you to our community partners for their ongoing support. Visit the page [here](#).

Educational Technology Support

As we continue our journey into at-home learning, our staff are continuing to roll out information for families on different technology platforms and how to get connected. Microsoft Classroom TEAMS and myBlueprint are being widely used across the District. You can find a new Educational Technology Support page on the District website with detailed instructions for these two apps. Visit the page [here](#). If you require more assistance with technology, you can email supportme@sd35.bc.ca.

REMINDER: Playgrounds and Recreation Facilities Remain Closed

The District appreciates everyone's help in physical distancing on our sites. Staff would like to remind families that all District playgrounds and recreation facilities such as hockey boxes and tennis courts remain closed to the public. This closure includes Township of Langley and City of Langley playgrounds and recreation facilities. Please continue to do your part in helping keep our community healthy and safe.

Mrs. Paton
